

3 July 2017

To whom it may concern,

My friend and I have decided to immigrate to the UK, owning and managing our partnership business together by investing 100,000 pounds each in our business.

We have searched for a reliable and experienced UK immigration consulting firm in Hong Kong to process our Tier 1 entrepreneur visa and finally selected John Hu Migration Consulting (JHM) and engaged their professional immigration consulting and visa processing services to process the UK Tier 1 entrepreneur visa for the two families of my friend and myself.

JHM has successfully processed over 40 families to immigrate to the UK under the Tier 1 investor and entrepreneur visas. JHM UK team will provide all the continuous onshore immigration support and services to their clients for the visa extension, permanent residence and citizenship applications in the UK.

JHM Hong Kong and their UK immigration attorney and professional team helped us complete our business plan, collate all supporting documents and information and complete all application forms for our visa lodgement.

We lodged our application at the end of May 2017 and completed our interview with the visa officer within one month. I got our visa granted the next day after our interview!

I thank JHM for their professional immigration services to guide my friend and myself step by step in preparing for my visa application and interview with the visa officer. My friend and myself have enjoyed our customer experience throughout the application process.

I have no hesitation to recommend John Hu Migration Consulting to anyone who has decided to immigrate to the UK and would like to engage a professional immigration consultant to process his / her UK Tier 1 visa.

Kind regards,

Ms. Cheng
