

I am a professional in Human Resources Management. In order to enjoy a better quality of life and a better education for my children, my husband and I decided to migrate to Australia.

After signing our service engagement with John Hu Migration Consulting, John has advised us step by step in collating all information and supporting documents for our visa application.

His professional team was responsible for preparing all supporting documents, completing and checking all application forms for our approval and signatures before visa application lodgment. I have enjoyed the entire application process in working with John Hu Migration professional migration team of consultants. They were very efficient and helpful throughout the application process.

I applied for state sponsorship from Northern territory and got my visa granted on 1 July 2014.

Thanks to John Hu together with their professional migration team for their good work and commitment in processing my migration visa, I am able to have my visa granted promptly.

I have no hesitation in recommending John Hu Migration Consulting to other visa applicants who decide to engage a consultant's assistance in processing their migration visas to Australia.
