

To whom it may concern

I have been working as an IT professional for over 10 years in Hong Kong. My wife and I have decided to emigrate to Australia for better quality of life and education for our child.

After searching for an experienced registered Australia immigration consultant to process I decided to hire the award winning John Hu Migration Consulting as my appointed agent. John Hu is very experienced and able to provide us with extensive information on migration matters. John Hu and his professional team are very efficient and effective in advising us for the collation of relevant documents and information to support my visa application.

I received my invitation to apply for visa application one week after the submission of my Expression of Interest application. My visa was granted on 11 November 2015. I thank John Hu and his team for their professional service and commitment in processing my migration visa, giving us an enjoyable customer experience throughout the application process.

I would recommend John Hu migration Consulting to those who wish to engage the professional service of an immigration consultant in processing their migration visa to Australia.

Wishing you all the best in applying migration to Australia!

Mr. Lee
