

26 November 2016

To whom it may concern:

I have been working as a chemical engineer in Hong Kong. My wife and I have decided to live and work permanently in Australia by applying my subclass 189 Skilled Independent visa.

Understanding the application process was tedious involving skills assessment, English test, Express of Interest (EOI), health and police tests, visa application, I have searched a reliable and professional registered Australia migration consultant to process my visa and finally engaged John Hu of John Hu Migration Consulting (MARN 0746141) to process my subclass 186 visa.

John and his consulting team have guided me every step in collating my documents and completing my skills assessment assessed by the Engineers Australia and completing all the necessary processes in my visa application. I have enjoyed my customer experience with John Hu Migration Consulting.

**Finally, I got my subclass 189 visa granted on 24 November 2016 – only in 7 months** since I engaged John Hu Migration Consulting to process my visa application.

I have, no doubt, recommend you to engage the professional service of John Hu Migration Consulting to process your immigration visa.

Mr. Poon
