To Whom It May Concern,

I have been working as an IT professional in Hong Kong. My wife and I have decided to settle in Australia permanently for a better quality of life and career prospect.

We searched for a local professional immigration firm to process our skilled independent subclass 189 visa and finally decided to appoint John Hu Migration Consulting to process our visa. John Hu Migration Consulting has won many local and international awards for their professionalism and best customer values.

After engaging the professional immigration services of John Hu Migration Consulting, John and his tem advised us step by step in collating all information and supporting documents, as well as completing all our application forms for our skills assessment by the Australian Computer Society and visa application.

Our subclass 189 visa is granted 3 months after we have lodged our visa application!

We have enjoyed our customer experience in engaging with John Hu Migration professional migration team of consultants. We thank John Hu together with his professional migration team for their professional work and commitment in processing my migration visa.

I have no hesitation to recommend John Hu Migration Consulting to other visa applicants who decide to engage an agent in processing their migration visas to Australia.

Yours truly,
