

To whom it may concern:

I am a technical sales professional working in Hong Kong. I got a job offer from an Australian company which gave me a job offer. My Australian employer has completed their business sponsorship and employer nomination; however, I had to complete the Temporary Work (Skilled, subclass 457) visa application by myself in Hong Kong in order to commence working in Australia.

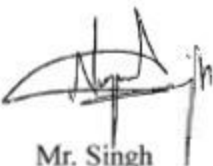

Understanding the subclass 457 visa application is a tedious process, I tried to find an experienced registered Australia migration agent to process my subclass 457 visa application on my behalf. Finally, I decided to engage John Hu of John Hu Migration Consulting (MARN 0746141) to process the subclass 457 visa for myself and all my family members after my careful selection.

After signing our service engagement with the award winning and reputable John Hu Migration Consulting, John Hu and his professional team have advised us step by step in collating all information and supporting documents for our visa application.

Towards the end of the visa application process, the visa officer asked me a lot of questions challenging my suitability for this technical sales position. John Hu has helped me prepare all the answers and supporting evidences to these questions and I got my subclass 457 visa granted today!

*I am very satisfied with John Hu's professional knowledge and experience in processing subclass 457 visa to Australia, especially when I faced with so many difficult questions from the Australia Immigration. My visa application would have been rejected without John Hu's professional advice in helping me answer all the questions from the Australia Immigration.*

I have no hesitation to recommend John Hu Migration Consulting to other visa applicants who decide to engage the service of a professional immigration consultant in processing their work and migration visas to Australia.
