

17 January 2017

To Whom It May Concern:

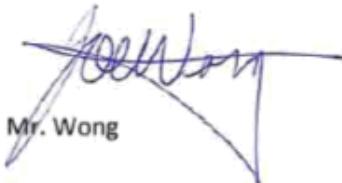

I am a Project Builder who have been working in both Hong Kong and China. I have decided to emigrate to Australia with my family. After searching for a qualified and experienced migration consultant who could help me process my skills assessment and visa applications, I have finally decided to appoint John Hu (MARN 0746141) as my agent.

With his professional immigration knowledge and successful experience, John and his team have helped me prepare all supporting documents and employment reference for my VETASSESS skills assessment application, NSW state nomination, and final subclass 190 visa application.

I lodged my visa application in November 2016 and I got my visa granted in January 2017 – just in 2 months!

I thank John Hu and his professional team for their professional services in completing my subclass 190 state nominated visa application. I have no hesitation to recommend John Hu Migration Consulting, an award winning immigration firm in Hong Kong, to anyone who decides to emigrate to Australia.

Kind regards,

Mr. Wong
