

To whom it may concern

As a registered nurse working in Hong Kong, my husband and I have decided to live and work permanently in Australia for better quality of life and professional nursing working environment.

After appointing the international award winning John Hu Migration Consulting to be my agent to process our subclass 189 skilled independent visa, John and his professional team have advised us step by step in collating all information and supporting documents for my Australian Health Practitioner Regulation Agency (AHPRA) nursing registration, The Australian Nursing and Midwifery Accreditation Council (ANMAC) skills assessment and visa applications.

I submitted my subclass 189 visa application in January 2016 and got my visa granted in MAY 2016 – just within 5 months only!

I thank John Hu Migration Consulting for their professional immigration services as I have enjoyed my customer experience throughout the visa application process.

I have no hesitation to recommend John Hu Migration Consulting to other visa applicants who decide to engage an immigration consultant's professional service in processing their immigration visas to Australia.

Kind regards,

Ms. Liu
