

15th October 2015

I am a sonographer working in Hong Kong. I have formerly studied in Australia. In order to enjoy a better quality of life and a better education for my children, my husband and I decided to migrate to Australia.

After searching for a reliable professional immigration firm, we finally select the award winning John Hu Migration Consulting to process my visa.

John has advised us step by step in collating all information and supporting documents for our visa application. His professional team was responsible for preparing all supporting documents, completing and checking all application forms for our approval and signatures before visa application lodgment. Our visa application process was an extraordinary and enjoyable experience especially in working with John Hu Migration professional migration team of consultants. They were very efficient and helpful throughout the application process.

I received my invitation to apply on 5th June 2015 and got my visa granted on 15th October 2015 – only in 4 months only!

I thank John Hu and his professional team for their professional work and commitment in processing my migration visa in order for me to have my visa granted promptly.

I have no hesitation to recommend John Hu Migration Consulting to other visa applicants who decide to engage the professional services of an immigration consultant in processing their migration visas to Australia.

Wishing you all the best in applying immigration to Australia!
