

To Whom It May Concern:

I have been working as a Computer Network and Systems Engineer in Hong Kong. My wife and I have decided to emigrate to Australia for better quality education for my child and our quality of life in Australia.

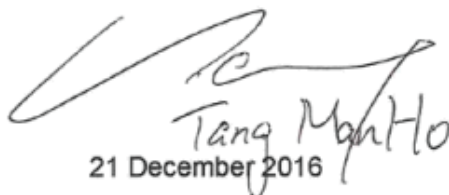

After searching for a professional immigration consulting firm to process our subclass 189 independent skilled visa application, we finally decided to engage the award winning John Hu of John Hu Migration Consulting (MARN 0746141) to process my visa.

John Hu and his professional team have advised us step by step in collating all information and supporting documents for my Australia Computer Society skills assessment and visa application. I have enjoyed my customer experience throughout my entire visa application process.

I was invited to apply for my visa in May 2016 and I got my subclass 189 visa granted on in December 2016 – just in 7 months!

I am satisfied with the professional services of John Hu Migration Consulting. I have no hesitation to recommend John Hu and his professional team of migration consultants to others who wish to engage a professional immigration consultant to process their immigration visas.

Mr. Tang
