

March 27, 2015

Both working as professionals in IT and engineering, my wife and I have decided to emigrate to Australia for better quality of life and education for my two children. After searching for a reliable and professional immigration consulting firm, we finally selected John Hu of John Hu Migration Consulting (MARN 0746141) who has many years of successful experience in processing migration visa to Australia.

John and his team have guided us to complete all the skills assessments by the Engineers Australia and Australia Computer Society, as well as collating all supporting documents and information for our visa applications.

After lodging our subclass 189 skilled independent visa application in December 2014, our visa is granted in March 2015 – just in 3 months!

We have enjoyed our experience with John Hu and his professional team. If you decide to emigrate to Australia or other country, I have no hesitation to recommend you to engage their professional immigration services to process our visa.

Kind regards,
