To whom it may concern:

As a seafood importer and wholesaler in Hong Kong, my wife and I have decided to immigrate to Australia for starting up my Australian seafood export business, a better quality of life for our family and education for our child.

After searching for a reliable immigration consultant to help process our business innovation 188 visa application, we finally selected John Hu of John Hu Migration Consulting (MARN 0746141), as John has many years of successful experience in processing business migration visa to Australia.

John Hu and his team have advised us step by step in completing our business plan, collating all information and supporting documents for our state nomination and visa applications, preparing all supporting documents for our sources of funds and completing our 188 Business Innovation visa application.

I got my Business Innovation 188 visa granted in Feb 2017. I thank John and his team for their good work in my visa application.

I have enjoyed my customer experience with John Hu Migration Consulting. I have no hesitation to recommend John Hu Migration Consulting to other business innovation visa applicants who decide to engage the service of a professional immigration consultant in processing their 188 business innovation migration visas to Australia.
