

TO WHOM IT MAY CONCERN

Mr. Simon Choi was appointed by John Hu Migration Consulting (JHM), as a team, for providing the Tier 1 Entrepreneur visa's after-care services in the UK to me since 2013.

As well as capably handling the responsibilities for the overall administration of the visa requirements, JHM ably carried out the secretarial and consulting duties involved in such a team, according to the Home Office guidance and customer needs.

JHM's professional manner at all time performed the work conscientiously and expeditiously. The team committed approach to supporting was matched by its administrative abilities. I could not overstress its quick and accurate assistance, which did not in any way detract from the very high standards JHM set for itself. The team recently made a substantial contribution to my visa extension granted in February 2017.

JHM possesses its existing connection with different sectors makes its full-scale commitment to my life in the UK.

Given its dedication and ability, I am confident that JHM will prove to be a valuable collaborator to anyone fortunate enough to get it in our delegations. It is with pleasure that I recommend JHM highly and without hesitation.
