

I decided to apply for my UK Tier 1 Entrepreneur visa to invest into my new UK business and emigrate to the UK where my family will enjoy better quality of life and my children will have good quality education.

After searching for a professional and reliable immigration consultant who is expert in processing the UK Tier 1 visa, we finally decide to appoint John Hu Migration Consulting as our agent to process my UK Tier 1 visa.

John Hu and his professional team have helped me complete a professional business plan and all visa application forms, as well as collating all supporting documents to support my visa application.

**After lodging my visa application in Hong Kong, my UK Tier 1 visa has been granted just within 9 working days!**

I have enjoyed my customer experience with John Hu Migration Consulting. I have no hesitation to recommend anyone who decides to immigrate to the UK to engage the professional immigration services of John Hu Migration Consulting.

Yours truly,

Ms. Cheung
