To whom it may concern:

My husband and I have decided to live and do our business in the United Kingdom. We then searched for an experienced UK immigration consultant who could help us process our UK Tier 1 entrepreneur visa.

We finally selected and engaged the professional services of John Hu of John Hu Migration Consulting and his UK immigration team to process our visa due to their past successful experience in processing UK investment, entrepreneur and partner visas for their clients.

John and his UK based immigration and business consulting team have helped me complete all application forms and business plan to support my visa application. Moreover, John's UK professional team will provide us the onshore settlement and support services such that we will work and live in the UK, while my children will enjoy their quality UK education.

I lodged my UK visa application by end of 2016 and got my UK Tier 1 Entrepreneur visa granted in one month!

We have no hesitation to recommend John Hu Migration Consulting to anyone who has decided to immigrate to the UK as we have enjoyed very much our customer experience with John Hu Migration Consulting and their UK immigration and consulting team.

Kind regards,

Mrs. Li
